# Watcha gonna do

## Keisha White

You've played your silly games
And now I've had enough of you
Good things go from bad to worse
So good luck, au revoir, adieu
You're the one to live
With the fact that you let me go
Slip right through your hand
Love to say it
See, I told you so

I'm laughing at you
Whatcha watcha gonna do?
You stupid fool
Whatcha watcha gonna do?
I'm laughing at you oh
Watcha Whatcha gonna do?
You stupid fool
Watcha whatcha gonna do?

One day you will regret
And hang your head in shame
But this girl don't forget
No one but yourself to blame
I laid my whole self on the line
You didn't even blink an eye
All in a day's work for your kind
Your every second word a lie

I'm laughing at you
Whatcha watcha gonna do?
You stupid fool
Whatcha watcha gonna do?
I'm laughing at you oh yeah
Watcha Whatcha gonna do?
You stupid fool
Watcha whatcha gonna do?

Count my fingers
One and two
One of them

Is just for you

Count my fingers
One two three
One in the middle's
To you from me

Hide in the shiny palace
With the world at your back
Tongue sticking to your palette
Your handshake didn't mean jack

I'm laughing at you
Whatcha watcha gonna do?
You stupid fool
Whatcha watcha gonna do?
I'm laughing at you oh yeah
Watcha Whatcha gonna do?
You stupid fool
Watcha whatcha gonna do?

I'm laughing at you
Oh
Whatcha watcha gonna do?
I'm laughing at you
Uh oh yeah
Whatcha watcha gonna do?
You stupid stupid fool
Whatcha watcha gonna do?
