

# Delirium

## Eberhard Weber

There's a stain, there's a stain, there's a stain on the floor  
I wanna soak, wanna scrub, wanna clean anymore  
But all the nurses are refusing to let me out of bed  
And my eyes are pouring nightly  
There's a crowd, there's a crowd, there's a crowd on my ward  
I'm full of joy, full of glee, jubilation and more  
These crazy stupid mother\*\*\* never leave me alone  
And my lungs are wheezing slightly  
There's a buzz, there's a buzz, there's a buzzing of bugs  
From flower beetles, yellow jackets, silverfishes to slugs  
It's always raining caterpillars from the circular fan  
And my heart is pounding brightly  
I swim in pharmaceuticals, I swim in pharmaceuticals  
The medicine deactivates the things I take, the things that take me  
I swim in pharmaceuticals, I swim in pharmaceuticals  
The medicine deactivates the things I take, the things that take me  
There's a voice, there's a voice, there's a voice in my head  
It's rather soothing and it tells me I'd be better off dead  
But if I beat it, maybe punch it, even kick it away  
Then everything will be all rightly  
I swim in pharmaceuticals, I swim in pharmaceuticals  
The medicine deactivates the things I take, the things that take me  
I swim in pharmaceuticals, I swim in pharmaceuticals  
The medicine deactivates  
I didn't know it was hot in the middle  
I touched it once then I touched it a second time  
'Cause I am that naive, a myriad of bright ideas  
I didn't know I'd get caught in the middle  
I touched it once and I touched it a second time  
'Cause I am that naive, a myriad of bright ideas  
I swim in pharmaceuticals, I swim in pharmaceuticals  
The medicine deactivates the things I take, the things that take me  
I swim in pharmaceuticals, I swim in pharmaceuticals  
The medicine deactivates  
I didn't know it was hot in the middle  
I touched it once then I touched it a second time  
'Cause I am that naive, a myriad of bright ideas  
I didn't know I'd get caught in the middle  
I touched it once then I touched it a second time

'Cause I am that naive, a myriad of bright ideas
