Filler

What happened to you? You're not the same. Something in your head made a violent change.
It's in your head. Filler.
You call it religion. You're full of shit.
Was she really worth it? She cost you your life. You'll never leave her side. She's gonna be your wife.
You call it romance. You're full of shit.
You're brain is clay. What's going on? You picked up a bible. And now you're gone.
You call it religion. You're full of shit.
Filler.
