

# Love Is Holy

Kim Wilde

Love is holy, don't forget it  
It will heal you, if you let it  
Love will strip you, leave you naked  
Love is sexy, love is sacred I put my faith in me and you  
Somehow I know that we'll put through  
Oh, I feel my life passing by  
Sometimes it makes me want to cry  
Thank God, I've got you by my side Every night I hope and pray  
Nothing takes your love away  
I lie awake just to watch you breathe  
Love is holy when you lay with me  
Love is holy, baby stay with me I don't understand the world today  
Is everything made just to throw away?  
But you and I, get closer as time goes by  
I feel my love intensify  
Baby, you're a spiritual high Every night I hope and pray  
Nothing takes your love away  
I lie awake just to watch you breathe  
Love is holy when you lay with me  
Love is holy, baby stay with me Love is holy, don't forget it  
It will heal you if you let it  
Love will strip you, leave you naked  
Love is sexy, love is sacred Every night I hope and pray  
Nothing takes your love away  
I lie awake just to watch you breathe  
Love is holy when you lay with me  
Love is holy, baby stay with me
