With You

Smoke City

With you I found love
With you I found the pain
With you I was me
And a bit of you tooInhaling and being inhaled
In an all or nothing situationIf I tried to say no
My heart said yes
If I tried to disguise it in my voice
My eyes gave me awayAnd so we became one
In a mad love of so no limitsHad to let
My love go
To let it goHad to let
My love go
To let it goThe fear of separation
Became an obsession
Jealousy and jealous things
Into the passel tumbled downAnd now our love is turning to smoke
But I can smell it in my touch
I finally became a flame
That will never go outHad to let
My love go
To let it goHad to let
My love go
To let it goHad to let
My love go
To let it goHad to let
My love go
To let it goWith you
I felt love
With you
I felt pain
With youI was me
And a bit of you too
Inhaling and being inhaled
In an all or nothing situationYes I began to dream of you in my arms
From this dream I evoked .. calm
Knowing you today
We no longer live on
NoTudo tudo tudo o nada
Nada nada nada nada

Tudo tudo tudo o nada
quase nada nada nadaAll or nothing tudo
All or nothing tudo
All or nothing
Nothing nothingButchupara
Tudupara
Tudo o nada?
Tudo para
Tudo
Tudo para
