[Incomprehensible]
Do it to it
[Incomprehensible]
And do it to it
[Incomprehensible]
Do it to it
[Incomprehensible]
And do it to itGet up and do it to it
Get up and do it to it
Get up and do it to it
Get up and do it to itGet up and do it to it
Get up and do it to it
Get up and do it to it
Get up and do it to itThose other girls can't touch this
(I thought you knew it, knew it)
You boys can't get with us
(I thought you knew it, knew it)
We're the cutest by far
(I thought you knew it, knew it)
That's why we're celebrity stars
(I thought you knew it, knew it)We don't pay for clothes
(I thought you knew it, knew it)
They give us stuff for free
(I thought you knew it, knew it)
I would never wear those
(I thought you knew it, knew it)
All eyes on me
(I thought you knew it, knew it)Get up and do it to it
Get up and do it to it
Get up and do it to it
Get up and do it to itGet up and do it to it

Get up and do it to it

Get up and do it to it

Get up and do it to itYeah, I gave you a chance

(You know you blew it, blew it)

You tried to holler

(You know you blew it, blew it)

You so broke

(You know you blew it, blew it)

Asked if you could borrow a dollar

(You know you blew it, blew it)This punk had some nerve

(You know you blew it, blew it)

He tried to play me yo

(You know you blew it, blew it)

It gets me so heated

(You know you blew it, blew it)

For real though

(You know you blew it, blew it)Get up and do it to it

Get up and do it to it

Get up and do it to it

Get up and do it to itGet up and do it to it

Get up and do it to it

Get up and do it to it

Get up and do it to itOut on the floor

(Move it, move it)

Up in the place

(Move it, move it)

Shake what you got y'all

(Move it, move it)

Kick that, kick that

Kick that bassOut on the floor

(Move it, move it)

Up in the place

(Move it, move it)

Shake what you got y'all

(Move it, move it)

Kick that, kick that

Kick that bassOut on the floor

(Move it, move it)

Up in the place

(Move it, move it)

Shake what you got y'all

(Move it, move it)

Kick that, kick that

Kick that bassOut on the floor

(Move it, move it)

Up in the place
(Move it, move it)
Shake what you got y'all
(Move it, move it)
Kick that, kick that
Kick that bassGet up and do it to it
Get up and do it to it
Get up and do it to it
Get up and do it to it
