# Baby Come To Me

## Kevon Edmonds

It's hard to conceive
Or to trust and believe
That you can find true love again
Someone who'll understand
Cause he hurt you and left you
Broke your heart in two
Now I'm here to rescue you
Make all your dreams come true[Chorus]
Baby, come to me
Let me be your everything
I'll be the only man you need
If you just believe in me
And baby you'll never wonder why
My love will stand the test of time
And you'll never have to look for love againLooking in your eyes
I begin to fantasize
My very own angel sent for me
Just to set this poor heart free
Now I'm lonely no longer
Feeling so complete
Now I got to make you realize
That my love will never die, oh baby[Chorus]Girl if you come to me
We'll hear the angels sing
Open your heart to me
We'll have the perfect love
Girl when you come to me
I will, I will now and for always
Supply your needs
From here to eternity[Chorus]Da-da-da, ooh
Baby come to me my love
