Lady Rosenred

Lake of Tears

There's a faerie in my head and I call her Lady Rosenred
Why she came there I don't know, no I don't knowWe wander worlds sometimes
Green forests, stars and stories
A secret time under three moonsWe walk the clouds at times
And ride on dragon faeries
A drink with friends under three moonsSay will you dream with me tonight, under moonlit skiesWe run the hills sometimes
Do battles upon evil
A bard so sings within the shadowsWe turn the ghosts around
And jam with angry mages
A silent dream within the shadowsSay will you dream with me tonight, under moonlit skiesAnd then we turn around
And find all forests gone
And find all stars and stories goneAnd then we turn around
And find all faeries gone
And find all dragons faeries goneSay will you dream with me tonight
