Let It Go

The O.C. Supertones

I, I, I, I've noticed how you've been withdrawn
Everybody's asking where you've been
The only time you call me back
Is to tell me you'll be staying in
I don't know what is in your heart
But trust me God knows what is there
But how can I be here for you
If you won't tell me why you're scaredtalk to me,
What is wrong,
Tell me what's been goi'n on,
Have you fallen back again?
Where sin is fat but faith is thin(chorus)
Let it go,
Let it go,
It's not worth the pain and the shame so just let it goI, I, I, I'm sorry but I think you're dumb
To let your soul have grown so numb
I understand I've been there too
But God is still in love with youit's so hard to swallow pride
When you're stuffed with sin inside
Pride puffs up but never fills
And satisfy it never will(chorus)
Talk to me,
What is wrong,
Tell me what's been goi'n on
Have you fallen back again?
Where sin is fat but faith is thin(chorus)
