

# Welcome To The Overground

## Badly Drawn Boy

Start your fires  
This is the overground  
It's inside us  
Welcome to the overground  
You need reminding  
Remember this is your destiny

Think of what's in front of you now  
Not of what's been left behind  
Come on, savior  
Save us now there is no time to rewind

Simple pleasures, to be found  
If you reach the overground  
Sunshine, rainfall, making love  
You see a rainbow  
The streets are changing now  
Try other avenues  
Make a new map of the world  
Decide on where to go

Suddenly, we sense a new day  
The feeling just comes over you  
No false gods left for us to pray to  
Darling, it's just me and you

Sunshine, rainfall  
Make a rainbow  
Please don't follow us  
You mean so much to us  
Start your fires  
This is the overground  
Sunshine, rainfall  
You see a rainbow  
Streets of fire  
Try other avenues  
It's inside us  
Welcome to the overground

If we go our separate ways

The road will lead us back around  
Even in a matter of days  
We'll see you on the overground
