Shitdisco

Don't tie me
Don't tie me And another
and another
and another one more cup of coffee before we go
one more cup of coffee before we hit the road
one more cup of coffee before we go
one more cup of coffee before we hit the road
And another
and another
and another p p p p pressure your time on me
p p p p don't pressure time on me
Don't time me
Don't time me
Don't time me
