Intro

Gravediggaz

You got the RZA live in effect son
You got the Grym Reaper you got Gatekeeper
And my man Undertaker in spirit with us
Peace to my man Killah Priest...
The Gravediggaz man they
Dig up the brains of the mentally dead
Just dealing with what you think you know how people think
In our society due to certain countries
As for the parts on the other side
Weir making you think on a nother lethal
We come with love hell witch makes you stand rite
You got you choice you know what I'm sayn
You either dig your own grave or be a grave digger
You have to dig your self in order to dig the grave
'N' order to understand Gravediggaz
Life is ugly, life is beautiful at times
We're expressing both sides of that
When your going threw a struggle and threw a lot of tension
It causes your brain to react a certain way
And the result of that tension is....
