Don't Say That

Olivia Newton-John

I love you, I want you, I need you
Are the lines I've heard
I'm wanting so much to believe you
But don't use wordsBy the look in your eyes
I see you're getting weak
Please, fight the urge to speakAnd don't say that, not now, not here
I just wanna feel your touch
Don't say that, too soon, I fear
Show me something I can trustYou stole my heart on the night we met
And I'm not ready to follow it yet
So whatever you do, don't say that
Don't say that, don't say thatJust hold me and show me
You love me that says it all
These moments of tenderness
Mean so much moreAnd we'll get there eventually
So please be patient with meAnd don't say that, not now, not here
I just wanna feel your touch
Don't say that, too soon, I fear
Show me something I can trustYou stole my heart on the night we met
And I'm not ready to follow it yet
So whatever you do, don't say thatDon't say we'll last forever
We'll always be together
Just lay here silently next to me
And don't say that, don't say that, noDon't say that, not now, not here
I just wanna feel your touch
Don't say that, too soon, I fear
Show me something I can trustYou stole my heart on the night we met
And I'm not ready to follow it yet
So whatever you do, your kiss is all of the proof I needed
So whatever you do, don't say that, oh, don't say thatDon't speak, don't talk, just hold me honey
You don't have to use words, just hold me honey
(I want you, I need you, I love you)
(I just can't stop thinking of you)
No need to speak
No, no, no, no don't use wordsI want you, I need you, I love you
I just can't stop thinking of you
I want you, I need you, I love you
I just can't stop thinking of you
