Babylon

Edguy

Yeah, in a world of hate pollution
We can't breathe anymore
We've to leave and this time you
The pawn have wonOn our quest for nowhere island
We set off to the sea
You call surrender what we call
A calm before the stormPounding thoughts of home they make me know
I will return, I don't live my life for you
It's too short to get burned
Stand upright and face the windTime to go back where I belong
No one can prevent me from
Raising towers in BabylonYou only can love me if you can convert me
To attitudes of your brain
You blame us for doing things
That you don't knowYou tell me what you'd do if you were me
But you are you and I am I
Lucky you but this time I say noPounding thoughts of home they make me know I will return
I don't want to hurt you but you'll have to learn
You are you and I am I
Ooh, oh yeah
