

# Babylon

Edguy

Yeah, in a world of hate pollution  
We can't breathe anymore  
We've to leave and this time you  
The pawn have won On our quest for nowhere island  
We set off to the sea  
You call surrender what we call  
A calm before the storm Pounding thoughts of home they make me know  
I will return, I don't live my life for you  
It's too short to get burned  
Stand upright and face the wind Time to go back where I belong  
No one can prevent me from  
Raising towers in Babylon You only can love me if you can convert me  
To attitudes of your brain  
You blame us for doing things  
That you don't know You tell me what you'd do if you were me  
But you are you and I am I  
Lucky you but this time I say no Pounding thoughts of home they make me know I will return  
I don't want to hurt you but you'll have to learn  
You are you and I am I  
Ooh, oh yeah
