Keep Your Head Bangin'

Pepper

This is the story of rock 'n' roll glory
'Cause new metal bores me so keep your head bangin'
If you're a Hesher where is your leather?
The louder the better so keep your head bangin'I'll eat your flesh
In my camaro I race for dinero crash and burn
There's no survivors, when I'm the driver my mullet's thick
The chicks love my meat whip, it's covered in lipstick I rip it up
Like Kobe Bryant, I'm an anal TyrantThis is the story of rock 'n' roll glory
'Cause new metal bores me so keep your head bangin'
If you're a Hesher where is your leather?
The louder the better so keep your head bangin'Burn it out, my 4 wheel dragon, is my only companion
Tear it down, I'm slammin' Bacardi, now I'm rulin' the party
I'm kickin' ass, I'm smashin' your faces, and other places
I'm hookin' up, with a sex machine, she's eleven teenThis is the story of rock 'n' roll glory
'Cause new metal bores me so keep your head bangin'
If you're a Hesher where is your leather?
The louder the better so keep your head bangin'This is the only thing that I know
I live the life of rock 'n' roll
Never do a damn thing that I'm told
You know this ass is un-kickableThis is the story this is the story
This is the story this is the story
This is the story this is the story
This is the story of rock 'n' rollThis is the story of rock 'n' roll glory
'Cause new metal bores me so keep your head bangin'
If you're a Hesher where is your leather?
The louder the better so keep your head bangin'Rock
So keep your head bangin'
Rock
So keep your head bangin'
