Eternal

The Isley Brothers

I love you, I love you
And this is eternal
It's love, true love
That brings my heart to you, home to you girl, yeah
And it's the same deep feeling of love
That brings you close to, to me baby
Oh but tonight I want my arms
And body wrapped all around you, all around you
For as close as we both are so much closer we will be
Believe in me, yeah
Here and now, I wanna take a lover's vow
I want you to come with me now
Let's make tonight the first night of a love eternal
Day and night, we'll have an everlasting life
I wanna feel it shining bright
Let's make tonight the first night of a love eternal
Here in this place our passions move
Move in slow motion, oh while the rest of the world
In real time passes by, rushes by
Oh I expressly forbid any heartache to ever, ever, ever
Ever come anywhere, anywhere, anywhere near you girl
Oh we'll use our love as protection, you'll never, never, never, never
Never have to cry, oh, dry your eyes
Here and now, I wanna take a lover's vow
I want you to come with me now
Let's make tonight the first night of a love eternal
Day and night, we'll have an everlasting life
I wanna feel it shining bright
Let's make tonight the first night of a love eternal
Here and now, I wanna take a lover's vow
I want you to come with me now
Let's make tonight the first night of a love eternal
Day and night, we'll have an everlasting life
I wanna feel it shining bright
Let's make tonight the first night of a love eternal
I'll dry your eyes baby, ooh!
Here and now, I wanna take a lover's vow
I want you to come with me now
Let's make tonight the first night of a love eternal

Day and night, we'll have an everlasting life
I wanna feel it shining bright
Let's make tonight the first night of a love eternal
Here and now, I wanna take a lover's vow
I want you to come with me now
Let's make tonight the first night of a love eternal
Day and night, we'll have an everlasting life
I wanna feel it shining bright
Let's make tonight the first night of a love eternal
Hey, ooh, ooh baby, oh, Lord have mercy
You see all I know is I love you girl
And I need you baby, ooh wee, ooh wee
Ooh wee, ooh wee baby
Ah, ah, ah, feel your body all around me baby
And I don't need no one but you girl
Oh for the rest of my life
Your life and my life, we'll be eternal
(Baby our love's eternal, baby my love is eternal)
(Baby our love's eternal, baby my love is eternal)
Yeah, oh I need, trust in you girl
(Baby our love's eternal, baby my love is eternal)
Nobody can tell me anything anything, anything about you baby
(Baby our love's eternal, baby my love is eternal)
You been good to me girl, oh, this is forever baby
Forever and ever and ever and ever ever, ever, ever
(Baby our love's eternal, baby my love is eternal)
It's eternal forever, ever, ever, ever, ever ever
(Baby our love's eternal, baby my love is eternal)
Oh, I
(Baby our love's eternal, baby my love is eternal)
I love you
(Baby our love's eternal, baby my love is eternal)
I really, really, really, really, really really, really
(Baby our love's eternal, baby my love is eternal)
