Sinfeast

Pyogenesis

(music: Tim Eiermann / Flo Schwarz lyrics: Tim Eiermann)
taste my lips and fly away
touch my mind, your life delay
drink my death and feel
the divine energy of sins
away away like a bird I fly to the deepest sky
I'm always on the run
not so far away as I thought in my dreams
sinfeast
faith in the ways of lust
holy deep inside my guts
after all pure sins
I give it all away to you
sinfeast
burn me, hit me
you're out of luck
bless good sins, loss of love
do you think that I'm still insane
sinfeast
