

# Sinfeast

## Pyogenesis

(music: Tim Eiermann / Flo Schwarz lyrics: Tim Eiermann)

taste my lips and fly away  
touch my mind, your life delay  
drink my death and feel  
the divine energy of sins

away away like a bird I fly to the deepest sky

I'm always on the run  
not so far away as I thought in my dreams  
sinfeast

faith in the ways of lust  
holy deep inside my guts  
after all pure sins

I give it all away to you  
sinfeast

burn me, hit me  
you're out of luck  
bless good sins, loss of love  
do you think that I'm still insane  
sinfeast
