

Where Are We Now?

David Bowie

Had to get the train
From Potsdamer Platz
You never knew that
That I could do that
Just walking the dead Sitting in the Dschungel
On Nürnberger Straße
A man lost in time
Near KaDeWe
Just walking the dead Where are we now?
Where are we now?
The moment you know
You know, you know Twenty thousand people
Cross Bismarckstraße
Fingers are crossed
Just in case
Walking the dead Where are we now?
Where are we now?
The moment you know
You know, you know As long as there's sun
As long as there's sun
As long as there's rain
As long as there's rain
As long as there's fire
As long as there's fire
As long as there's me
As long as there's you
