

# Too Soon (feat. NÃ-RD)

Oliver Koletzki

I wait around,  
For you to turn your head and say aloud  
But you don't want me here to stay around  
Your smile's so warm but then you fade it out  
But no I'm not done, I'm not done. Like a moth seek out the black of night  
I am draw straight back to you  
I just burn myself on your light  
Too soon, too soon. And I'm falling trying to get you back,  
But I don't get close to you  
And I'm falling down for your attack  
Too soon.  
And I'm falling but you don't react,  
Does this have to be so cruel,  
But I'm calling, calling, calling out to you,  
Too soon, too soon, I'm calling, calling back to you  
Trying to get you back, trying to get you back. I wait around,  
Collected my broken pieces of the ground,  
So I can start again,  
I'm lost not found,  
Please pick me up so you control me down  
Cause you're not done, you're not done. Like a moth seek out the black of night  
I am draw straight back to you  
I just burn myself on your light  
Too soon, too soon.  
And I'm falling trying to get you back,  
But I don't get close to you  
And I'm falling down for your attack  
Too soon. And I'm falling but you don't react,  
Does this have to be so cruel,  
But I'm calling, calling, calling out to you,  
Too soon, too soon, calling out to you.
