For The Moment

Barry Harris

Go away, I'm afraid
With you there could be no escape
I have no faith
I've seen truth and reason down the drainBut I cling to you for survival
And I know that you are my bibleGet out, I'm scared for the moment
But I know you'll be there
Well, I'm scared for the moment
But I know you'll be thereBy the way, things you say freak me out
I go out of my head
I feel no shame when I turn my back
And walk awayBut I cling to you for survival
And I know that you are my bibleGet out, I'm scared for the moment
But I know you'll be there
Well, I'm scared for the moment
But I know you'll be thereGet out, I'm scared for the moment
But I know you'll be there
Well, I'm scared for the moment
But I know you'll be thereWell, I'm scared for the moment
But I know you'll be there
