

# For The Moment

## Barry Harris

Go away, I'm afraid  
With you there could be no escape  
I have no faith  
I've seen truth and reason down the drainBut I cling to you for survival  
And I know that you are my bibleGet out, I'm scared for the moment  
But I know you'll be there  
Well, I'm scared for the moment  
But I know you'll be thereBy the way, things you say freak me out  
I go out of my head  
I feel no shame when I turn my back  
And walk awayBut I cling to you for survival  
And I know that you are my bibleGet out, I'm scared for the moment  
But I know you'll be there  
Well, I'm scared for the moment  
But I know you'll be thereGet out, I'm scared for the moment  
But I know you'll be there  
Well, I'm scared for the moment  
But I know you'll be thereWell, I'm scared for the moment  
But I know you'll be there
