

# Monique

## ZaA

When they see Monique  
Perhaps they'll understand  
Monique, Monique  
I've hungered so for this  
Monique, Monique  
The wonder of your kiss  
Monique, Monique  
Was Paris always there  
Monique, Monique  
I didn't know or care  
But why am I dancing  
My friends may well demand  
I'll tell them Monique  
Monique held my hand  
And when they see Monique  
Perhaps they'll understand  
Monique, Monique  
Was Paris always there  
Monique, Monique  
I didn't know or care  
But why am I dancing  
My friends may well demand  
I'll tell them Monique  
Monique held my hand  
When they see Monique  
I'm sure they'll understand
