

# Grew Up Fast

## Tom Petty & The Heartbreakers

We grew up fast and no one seem to notice  
We grew up fast and we grew up alone  
Mom and Dad were never what we wanted  
We grew up fast and we grew up alone  
We grew up aloneWell you know who I am  
So don't treat me like I'm someone else  
Well you know what I am  
So don't treat me like I'm someone else  
You never act like that with no one elseWe grew up mad when lies were just a fact of life  
Grew up mad 'cause we never had a home  
We faced the past and forgave the revolution  
We grew up smashed and we grew up alone  
We grew up aloneHey my brother, I got no fight with you  
I just can't ride down  
Hey my brother, I got no fight with you  
I just can't ride down  
No I just can't ride down  
I just can't ride downWell you know who I am  
So don't treat me like I'm someone else  
Well you know what I am  
So don't act like I'm somethin' elseWell you know who I am  
So don't treat me like I'm someone else  
Yea know where I am  
So don't act like I'm somewhere elseYou never talk like that to no one else  
You never scream like that for no one else  
You never suck like that for no one else  
Oh, no
