

# The Never Deserting Shadow

Jarboe

give me your promise baby tell me true  
give me your promise i will love you  
give me your promise baby make it tonight  
give me your promise tell me you're mine  
superficiality comes in easily  
protect now the inner sanctum  
alone with myself i barely recognize  
reasons for this occurrence  
and for this demise  
superficiality comes in easily  
protect now the inner sanctum  
but if with a mind that is calm and clean  
with him does bliss follow  
mind is supreme all is creation of mind  
like the never-deserting shadow  
"how many times will i ask this of you baby  
how will i make myself clear to you baby  
how many prayers will i offer tonight baby  
through the soft veil of these hot lonely tears  
baby ooooh...  
the never-deserting shadow  
the never-deserting shadow  
give me your promise baby ooooh tell me true  
give me your promise i will love you  
give me your promise baby make it tonight  
give me your promise tell me you're mine  
oooh the shadow, the never-deserting shadow  
the never-deserting shadow
