

# Become The Catalyst

## All That Remains

For fear my eyes are closed  
I'll shut this out no more  
Embrace this and I become the catalyst And now it swells in me  
Smash all my defenses down  
I'll take this I'll let this fire consume me I will not fall I will not fail  
I pound the walls I shake the cage  
I will not fall I will not fail Let this fire consume me This burning passion it fills me with desire  
And drives me and it drives my cause  
I'm filled with reasons but reasons drive me further  
Disdain for disbelief will stay the course Oh, let the fire consume me  
Let the fire burn  
Let the courage flow through me  
Let the fire burn
