When It All Unfolds (There'll Still Be Creases)

Drew Torres

Well today it's just one of those days when I just hate everybody, I'm sure you can relate. I'm sure you can relate. I didn't wake up on the wrong side of the bed but on the wrong side of life instead now I'm heading towards Armageddon.

I don't require your sympathy I'll be good eventually wait and see. Cuz the universe just tends to unfold as if it were foretold by some higher being.

Well I can't forget life's little questions. Two-thirds of the way from some antidepressants.
Cuz it feels like everytime I do right no one ever remembers but when I do wrong nobody ever forgets. I'm sick and tired but don't ever let me slide. It's got me to the point that's got me contemplating hiding but I'll just hold out for some help nearby.

It's the hardest thing to hold on. Especially when the stress is vexing me with a simple unrelentingly common confidence. It's the hardest thing to hold on when everything is wrong
