

Representin'

Pastor Troy

Yeah yo

With me for tha past five years

Five years in tha shit

Before this shit was cool I'm representin' I'm representin' bruh them boys ain't seein' me

Know I got some cheese spendin' G's so they envy me

I'm representin' this nothin'

But this thug shit rep mine well for ATL

I'm representin' I'm representin' my shit ho

I'm representin' I representin' my shit ho

I'm representin' I'm representin' my shit ho

I'm representin' a bitch you already know A word to tha wise before you look me in my eyes

Yo ho told me that you raps a buncha lies

You ride through tha hood, lookin' at tha signs

But you was in tha house most of tha time

For sayin' you grind and sayin' that you drivin' Chevy's

No AC playboy you lookin' sweaty you know me

You done heard vica versa know I post up in some shit just to hurt you

A hundred thousand dollar truck I paid it out cash

Before I left tha lot I put them feet on her ass

Three TV's windows tinted this is how I representin' I'm representin' I'm representin' bruh them boys ain't seein' me

Know I got some cheese spendin' G's so they envy me

I'm representin' this nothin'

But this thug shit rep mine well for ATL

I'm representin' I'm representin' my shit ho

I'm representin' I representin' my shit ho

I'm representin' I'm representin' my shit ho

I'm representin' a bitch you already know A word to tha wise before you confuse the people

I been doin' this before your ass was legal

When you was at MBK my brothers keeper

I was on MLK wit street sweepers

I know you say ain't no way he can be seen

This niggas not a man this niggas a machine

Tha owner of tha Bounce I knew I'd make a profit

A couple hundred grant I had that shit in my pocket

I know that I'm tha man I know that I am winnin'

And R-E-P-R-E-S entin' I'm representin' I'm representin' bruh them boys ain't seein' me

Know I got some cheese spendin' G's so they envy me

I'm representin' this nothin'
But this thug shit rep mine well for ATL
I'm representin' I'm representin' my shit ho
I'm representin' I representin' my shit ho
