

Yeah Sapphire

The Hold Steady

Yeah sapphire, I'm sick and I'm tired and I'm fried
And you gotta believe me
Yeah sapphire, if I cross myself when I come
Would you maybe receive me? Yeah sapphire, you were feisty at first
But I broke you and I showed you the temporal
Sacramento, it swung at us first
But it ended up going down gentle Sapphire, if Cheyenne's too small
We'll haul it all back to St. Paul
I was just about to call you
When you called Yeah sapphire, I know the last time we touched
I came on a bit rough, please forgive me
Yeah sapphire, after you left it was a big sketchy mess
They almost killed me Sapphire, if Cheyenne's too small
We'll haul it all back to St. Paul
I was just about to call you
When you called Sapphire, if St. Paul don't call
We've always got Aberdeen
'Cause dreams they seem to cost money
But money costs some dreams It went just as you predicted
I swear there must be something in your dreams
It all went down exactly like your visions
And I know you said, don't call until I'm clean
I'm not drunk, I'm cut, I'm gushing blood
And I need someone to come and pick me up I was a skeptic at first but these miracles work
I was a skeptic at first but these miracles work
I was a skeptic at first but these miracles work
I was a skeptic at first but these miracles work
