

Come a Little Closer

The DeFranco Family

I see you dance, you dance the night away,
But not with me , why don't you look my way
If I could make you see just what I've been feelin'
It'll make your heart go spinnin', rockin',reelin'**CHORUS:**
Come a little closer, closer to my arms
A little closer, closer to my heart
I wanna try so hard to make you see
Just how beautiful our love could be
Come a little closer, oh babe , closer to meWhen I'm alone at night, I go get your picture
And turn out the light, then I've got you
where you should be
Close your eyes and pretend you're with me(Repeat chorus)I see you kiss and hold him tight
Oh, what I missed
I hope someday I might
Take you back and give you what you deserve
I wanna try now but I don't have the nerve(Repeat chorus)
