

# Redneck Like Me

## Little Texas

Advisory - the following lyrics contain explicit language:

Gimme a river and a cypress tree  
A day of good weather and I will be  
As happy as a little green frog in the rain  
Gimme a shell cracker on the line Deep fried potatoes, and a homemade wine  
And a woman to work it off later and cry my name  
It don't take much, it don't take much  
It don't take much to please, a redneck like me Gimme a truck with four good tires  
A cheap have a Tampa, and my desires  
Will not exceed the limits of my means  
I don't need no Porsche car No pumped up music or a whacked out bar  
No ghost white chicky, dressed up like a bad, black dream  
It don't take much, it don't take much  
It don't take much to please, a redneck like me I have seen it all in my life  
Running up and down the road in overdrive  
But now the time has come to take it easy  
It don't take much, it don't take much  
It don't take much to please, a redneck like me  
A redneck like me, a redneck like me
