

# Eleven Out Of Ten

## No Angels

Well it ain't my style  
To be jealous and bad mouthin'  
I can see some trouble comin'  
But I've known a while  
But I think you might regret it  
Will you take advice  
Shut your eyes  
And remember that I said it baby  
Yeah, yeah, yeah, yeah, yeah Yeah, yeah, yeah, yeah, yeah She's eleven outta ten for misery  
So get your act together  
Can't you see?  
She's eleven outta ten for vanity  
And everyone sees it, but you  
When you've woken up come around  
Well I know her type  
When you're broken up come around  
She's a mover and a shaker When the time is right  
She will turn around and break you  
Get with me  
I will cut the ties that bind you  
So tenderly  
Give the sign and I will find you Yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah She's eleven outta ten for misery  
So get your act together  
She's eleven outta ten for vanity  
Can't you see?  
When you're broken up come around  
When you've woken up come around  
And everyone sees it, but you Eleven outta ten it don't add up  
Eleven outta ten boy you're stuck  
Eleven outta ten you're all messed up Eleven outta ten it don't add up  
Eleven outta ten boy you're stuck  
Eleven outta ten you're all messed up When you've woken up come around  
When you're broken up come around When you've woken up come around When you're broken up come around  
She's eleven outta ten for misery  
So get your act together  
Can't you see?  
She's eleven outta ten for vanity  
And everyone sees it, but you

When you've woken up come around  
When you're broken up come around
