

Be Country

Petey Pablo

I'm gonna be country till the day I die
Just because I got this and that
And moved out from the projects
Don't mean I forgot I'm gonna be country till the day I die
To the deep and depth of my soul
From the top of my head
Down to my air force ones Til the day I die
Just because I got this and that
And moved out from the projects
Don't mean I forgot Would I ever leave here?
Naw I can answer that without even thinking about it
I am Carolina, you know, north and south, you know
It give my folks a since of it can happen for you To lookup and see my ridin' around somewhere
Doing my thug thizzle you know, I can't leave here
I know ain't no way in the world
They need me, I need them I'm gonna be country till the day I die
Just because I got this and that
And moved out from the projects
Don't mean I forgot I'm gonna be country till the day I die
To the deep and depth of my soul
From the top of my head
Down to my air force ones Til the day I die
Just because I got this and that
And moved out from the projects
Don't mean I forgot What it feel like to be on the road with Petey Pablo
Something I never experienced before
Yeah, I remember when I first met you
You was just getting out of the pen
Told me how hungry you was Now you there, you made it
I appreciate everything you done for me
Taking me on the road with you
Showing me the finer things in life
Thank you I'm gonna be country till the day I die
Just because I got this and that
And moved out from the projects
Don't mean I forgot I'm gonna be country till the day I die
To the deep and depth of my soul
From the top of my head
Down to my air force ones Till the day I die

Just because I got this and that
And moved out from the projects
Don't mean I forgotHi, I'm [Incomprehensible] for MTV news
