

We Know How to Rock

Jerrod Niemann

Waitin' for the weekend so I can floor it
Take a dive off the deep end and outdoor it
Jacked up Jeep, old school CJ
Muddy on the floorboardBut buddy, it's the cleanest in the country
Propeller in water, got an all star cast
Me and the fellas we're haulin' the finest bass
Lifted one ton four wheel squealers
Perfect for hauling' four wheelersIn the country we know how to rock
In the country we know how to rockAll the hometown hotties playin' under the moon
Are movin' their bodies to a country tune
Sneakin' off out in the tall grass
Don't take a tractor to dig on thatIn the country we know how to rock
In the country we know how to rockHey, hey I thought you knew
About the Man in Black and the Blue Suede Shoes
Whoa, we've been on a roll
Since Austin, Nashville and Muscle ShoalsIn the country we know how to rock
In the country we know how to rock
In the country we know how to rock
In the country we know how to rock
