

Problem Queen (feat. Norah Jones)

Danger Mouse

Help me through this dÃ©ja vu
This crazy state of shock
Have you seen the problem queen
She's never far away
Away from me And it seems all a dream
Some sad luxury
Of when I escaped
It's just I Can't see through this hazy view
And all the doors are locked
We're only alive when we can be
Defectors from the clock
The clock of all time She comes and she goes
But where no one knows
And when Her Highness grows
She shakes me La la la la la la la
La la la la I wake up and you're gone from me
This lonely share of shock
Helps me to imagine you
But more often than not
I'm all alone
