

# Have I Sinned

Donnie Elbert

Have i sinned  
Have i told her lies  
What did i do  
To make you cry

Somebody help me  
To get home again  
Give one more chance  
To renew our romance

This love divines me  
Tighter than chains  
Will always live this  
Memory in my heart

We live in a world  
That knows no shame  
That's why our love  
Will not be in vain

Well, tell me, tell me,

Have i sinned  
Was i to blame  
If tried could things  
Be the same

Please say the word  
That you will forgive  
For without your love  
I don't want to live

This love divines me  
Tighter than chains  
Will always live this  
Memory in my heart

We live in a world  
That knows no shame  
That's why our love

Will not be in vain

Baby, tell me, tell me,

Have i sinned  
Was i to blame  
If tried could things  
Be the same

Please say the word  
That you will forgive  
For without your love  
I don't want to live
