

# Binge and Purge

## Embodyment

He found a wrist and cut his meter  
Mary sings only sweet and low  
Blow a kiss for headstone martyrs  
Taking the blameI'm letting go, I knew that I'd give in  
Bring the ax upon their notions  
Paper money is your soul  
Break the chains, the rope is swinging  
Taking the blameI'm letting go, I knew that I'd give in  
I'm fasting, you're cheating  
Turn me over a thousand times  
Good bye, be lonelyA caffeine rush for tears of joy  
I'll carve the beef and spare you later
