

R.I.D.E (Prod. By Tory Lanez x Tim Curry)

Tory Lanez

You can be the homie for tonight, girl

I just wanna teach you how to ride

Now let me be your inspiration

You gotta let me be your guyCause if I can't be a better man, loving you girl, then I'm through girl

Cause if love can't bring us closer. Then I'm screwed girl, I'll be screwedAin't begging you to ride

But for tonight

You should ride

(Ride it)

Look, I ain't begging you to ride

But tonight

You should ride

(Ride it)

And we gon' make this shit right

Loving your?

Fussing and fighting

Sexier than sexy, hope you riding

Look sexy when you walk, I'll get inside itCause if I can't be your better man, loving you girl, then I'm through girl

Cause if love can't bring us closer. Then I'm screwed girl, I'll be screwed

Ain't begging you to ride

But for tonight

You should ride

(Ride it)

Look, I ain't begging you to ride

But tonight

You should ride

(Ride it)

And we gon' make this shit right
