

Ride This

Donell Jones

Met this Shawty, she hot
She ain't pushover
She the type of chick that turn heads when she roll up
Body got curves, set it up, she's a soldier
Exotic in the face, girl got more car
Bout to give er all this pimpin because I'm over
Hit out the park
Homerun, Sammy Sosa
Baby girl said she in the sneaks, I got that cobra
She give the address so I could show er
()
Now I know where she live
And I'm off in her crib
Panties drop, mission is...
To see her get on top of me
And ride this, ride this
Ride this, ride this
We both know what it is
We get down to the bizz
Come on let's see what you got
She push me on my back
So she can ride this, ride this
Ride this, ride this
Shawty's ridin so exotic
It's like she tryna break it off
Baby ride it, ride it, ride it, ride it, ride it, ride it, ride it,
Ride it, ride it, ride it, ride it, ride it, ride it, ride it
()
Met this Shawty in front
Told me she's a pleaser
She's a thick girl cast up, maybe a teaser
Took er to the court, share it over marguerites
Suckin on the straw, she gon make me a believer
Now with me, I'm kind of tipsy
She roll me over
40 double piece in my flip, she pull me closer
Whispered in my ear she go to sleep, I got that cobra
So she give me the address so I could show her()
Now I know where she live

And I'm off in her crib
 Panties drop, mission is...
 To see her get on top of me
 And ride this, ride this
 Ride this, ride this
 We both know what it is
 We get down to the bizz
 Come on let's see what you got
 She push me on my back
 So she can ride this, ride this
 Ride this, ride this
 Shawty's ridin so exotic
 It's like she tryna break it off
 Baby ride it, ride it, ride it, ride it, ride it, ride it,
 Ride it, ride it, ride it, ride it, ride it, ride it, ride it Shawty tryna stick shift like a NASCAR
 Gotta hold it, put my hands on the dashboard
 Ride this, ride this (she be ridin it, she be ridin it)
 Ride this, ride this (she be ridin it) Man she know what to do with it, she can ride a stallion
 Got them guiltier crib, maybe it's gon be a problem
 Ride this, ride this
 Ride this, ride this Shawty's ridin so exotic
 It's like she tryna break it off
