

# Away We Go

Joshua Radin

I spent years now looking down  
Thinking that my life  
Could mean much more  
I missed so much looking 'round  
My eyes are always focoused on the floor  
Say what you want to I'm always safe and sound  
No rollor coasters for me but I'm tired of ordinary hate  
Let's fly away come take my hand  
And away we go  
Lay your head upon my shoulder  
Let's go where colder winds don't blow  
Then I wake up here I am  
Wearing all the clothes I wore before  
Same mistakes I never can and never find the prize behind the door  
Say what you want to I'm always safe and sound  
No paruchutes for me but I'm tired of ordinary hate  
Let's fly away come take my hand  
And away we go  
Lay lay lay your head upon my shoulder  
Let's go where colder winds don't blow  
I don't want to wake  
If I'm dreaming  
I can't go back now  
I need a new face to show me a new place(Music)Hey, hey, hey, hey let's fly away come take my hand  
And away we go  
Lay, lay, lay your head upon my shoulder  
Let's go where colder winds don't blow  
Hey, hey, hey, hey let's fly away come take my hand  
And away we go  
Lay, lay, lay, lay your head upon my shoulder  
Let's go where colder winds don't blow  
End
