

So Fierce

Jeffree Star

You taste like heaven baby
A brand new craving lately
Surround me, I'm drowning
Let me hit this, so delicious
[Pre-chorus:] You make me feel
So fierce [x2]

[Chorus:] Take it off, take it off
Don't stop, don't stop [x2]

You're my prescription baby
I'll take you, now take me
Outlast me, I'm crashing
Heartsick passion, forever lasting
[Pre-chorus][Chorus] You're so sweet, but you gotta know something
I want it, need it, gotta gotta have it my way [x4]
Gotta have it my way
[Chorus]
