Off Track

The Features

Turn on your heart, put on your ears
Let's try to make something clear
Hold out your arms, step into mine
There's fault in our designWe've been torn, we've been crossed
Love is war but mostly lostOh, we gotta get back in line
Oh, we're off track again
Oh, we gotta get back in line
Oh, we're off trackWell, we stand what it means
And what has come between
Plans we made, dreams we hoped
And others left untoldIt's alright to have your doubts
They're so hard to live withoutOh, we gotta get back in line
Oh, we're off track again
Oh, we gotta get back in line
Oh, we're off trackTurn on your heart, put on your ears
Let's try to make something clearOh, we gotta get back in line
Oh, we're off track again
Oh, we gotta get back in line
Oh, we're off trackDon't know how
But we've lost all our tracks
