

# Take You

Justin Bieber

[Verse 1]

Hey, what's the situation? Ooh oh  
I'm just tryin' to make a little conversation  
Why the hesitation? Ooh oh  
Tell me what your name is, for your information  
Don't get me wrong, you know you're right  
Don't be so cold, we could be fire  
Tomorrow we'll go, let's start tonight  
You know what it's all about[Hook x2]  
I could take you out  
I could take you home  
I could take you home, where you wanna go  
I could pick it up  
We could take it slow  
I could take you home, oh oh oh[Verse 2]  
I might have a reputation, ooh oh  
But there's only me and you in this equation  
I promise this occasion, ooh oh  
Is a different situation, for your information  
Don't get me wrong, you know it's right  
Don't be so cold, we could be fire  
Tomorrow we'll go, let's start tonight  
You know what it's all about[Hook x2]I could take you out  
I could take you home  
I could take you out  
I could take you home[Bridge x2]  
Baby seorita, mon chri, please be my little lady  
My little lady  
Mi amor, you're the one I adore, come on be my little lady  
My little lady[Hook x2]I could take you out  
I could take you home  
I could take you home,where you wanna go  
I could pick it up  
We could take it slow  
I could take you home,oh oh oh[Outro]  
Hey, what's the situation?
