I Go Alone

The Thermals

Each night I dream of the war
Each one worse stand than one before
A cord cop force he thinks above
You have to leave till you'll be my lover
I've been waiting for you for always my life
My fate my greatest fear
Each night I dream of the road
It's points one way, I know where it goes
A cord dark force raise in the end
You have to leave till you'll be my friend
I've been waiting for this all of my life
My dear is finally here
I go alone
The path is all I know
It's the only way
I can make it over
The path is all I see
It's the only way
I can bring you back to me
Path to bring you back to me
Each night I dream of the war
Each one Creator than the one before
A cord dark force he plans above
I have to leave to save you my love
I've been waiting for this all of my life
My purpose is clear
I go alone
The path is all I know
It's the only way
I can make it over
I go alone
The path is all I see
It's the only way
I can bring you back to me
I will bring you back to me
