

# Face Pollution

## Soundgarden

An' I can count it on my fingers  
I have all my reasons not to feel  
I'm numb as rigor mortis  
Scared by monkey faces drowned in shark fins But I don't feel like feeling, I don't feel like feeling  
I don't feel like feeling, feeling like you Now I'm in the mirror, now it's getting clear  
I fear that I'm in now, I'm into plastics  
Now I've made a mask, it looks like fish heads But I don't feel like feeling, I don't feel like feeling  
I don't feel like feeling, feeling like you I don't feel like feeling, I don't feel like feeling  
I don't feel like feeling, feeling like you Face pollution, face pollution  
Face pollution, face pollution  
Face pollution, face pollution  
Face pollution, face pollution Feel  
Feel  
Feel  
...
