Alex G

Girl I bet you think you're witty.

The way you dance is oh so pretty.

But I know who you are, deep down, who you are.

And girl I bet you think you're funny.

Clever texting with emojis.

Well, guess what, girl! He's hashtag taken. So listen closely when I say your childish games won't scare me away. And I, I see the truth in your disguise. You ain't fooling this one.

You, you're used to getting what you want. You ain't winnin' this one. The world will see you through my eyes.

One last thing I must clarify: You're not Little Miss Perfect, Perfect, Little Miss Perfect, Perfect, Little Miss Perfect, Perfect, no. Girl you've got this way about you, acting dumb like you have no clue.

Well, you know what you did. And I know what you did!

I heard you don't like his girlfriend.

That's a text you wish you could unsend.

And this is sweet revenge. So listen closely when I say your gig is up and here's your pay! And I, I see the truth in your disguise. You ain't fooling this one.

You, you're used to getting what you want. You ain't winnin' this one. The world will see you through my eyes.

One last thing I must clarify: You're not Little Miss Perfect, Perfect, Little Miss Perfect, Perfect, Little Miss Perfect, Perfect, no. The world will see you through my eyes.

One last thing I must clarify

You're not Little Miss Perfect, Perfect. Little Miss Perfect, Perfect. Little Miss Perfect, Perfect, no. Little Miss Perfect, Perfect. Little Miss Perfect, Perfect. Little Miss Perfect, Perfect, no. Well not this time girlfriend...

Hehehehe...
