

Lucy Pearl Tells

Lucy Pearl

Yo man
Yo
I used to play in this marching band, man
You gonna think I'm lying, 'cause I'm telling you, I did
Not you
Alabama A & M
Not you, that's right
That's right, that's where I meet Dawn Robinson at
Who that fly thang?
Boy, don't be calling her fly that's my lil' sisterAlso Ali dude
Ali was trying to go to Alabama A & M, but you know
He didn't, he stuck on New York
So you know, he just stayed in New York
And froze to deathIs that the DJ guy?
Man, shut up, man, you don't know you sound fake
But check it out, anyway we used to do, " I wanna dance tonight"
I had a dream that a marching band did it, man
So I called you know, the school and I went back to college, man
That's were I got all my degree's at
We just played on graduation
