Let's Just Fall In Love

Marit Bergman

Let's go to New York City
Let's go watch some shooting stars
Let's kiss everlasting kisses
Let's go steal some fancy cars

Let's go let's go to Paris
Let's play hide and seek
Let's dance the my sharona
Like it was 1993

Let's get naked under blankets
Let's get wasted, let's get stoned
Let me tell you I adore you
Oh let me take you home
Let's not talk about the sorrows
Let's just say that oh oh oh
Let's go crazy for each other
And let's just fall in love...

Oh please let me draw your picture
You've got such pretty eyes
Let's jump of sky-high buildings
Let's believe that we can fly
Let's do it cause we wan't to
Let's do it cause we can
Let's laugh our very heads off
Let's do it once again

Let's get naked under blankets
Let's get wasted, let's get stoned
Let me tell you I adore you
Oh let me take you home
Let's not talk about the sorrows
Let's just say that, oh oh oh
Let's go crazy for each other
And let's just fall in love...

We don't know if it's forever
Let's pray that it will last
We don't know it it's forever

And it's moving oh so fast
Let's not talk about the sorrows
Let's just say that oh my god
Let's go crazy for each other
And let's just fall in love...

Let's fall in love...

Let's just fall in love
