

# Anarchy In Tokyo

## 30 Seconds To Mars

Here,  
the moment of truth  
It comes in the air  
It's always the same,  
it's so insane.  
You cover your eyes  
you fall inside  
before it begins it's over.  
Crash,  
Crash,  
out of control  
Lose yourself  
Go and even the score  
Crash,  
Crash,  
out of control  
Try and start a riot  
now you're beggin' for more.  
Anarchy in  
Tokyo.  
They say the city is safe,  
the keepers of faith,  
the bullet is safe for one and day  
Eclipsed by the one  
Don't bother to run  
The target is on your back  
You're done.

Crash,  
Crash,  
out of control.  
Feed the source,  
come join in the war.  
Crash,  
Crash,  
out of control.  
Take it,  
break it  
a million or more.

We're outta control (x4)

Crash,

Crash,

Out of control

Feed the source,

come join in the war.

Crash,

Crash,

out of control

Take it

break it

A million or more.

Anarchy in

Tokyo,

Anarchy in

Tokyo.
